

Parents should review the following checklist for each child in their household. This action is necessary every day before a student can attend school. Answering "**yes**" to any "A" symptoms means the student remains off-site. Answering "**yes**" to three "B" symptoms means the student remains off-site. By sending your child to school, you are telling Sequoyah Public School that the answer to each of these questions is "**NO**."

EAGLE PLEDGE HEALTH SCREENING
