Exciting things happening in the College Resource Center!!

We have three new scholarship advisors and one new Outreach specialist that are ready to get started helping our Cherokee citizens get into college. The College Resource Center strives to be a one-stop resource center for students that are attending an accredited college/university or graduate university. Proprietary schools or universities are not eligible.

Please see the contact list below if you have any questions. Please give them a call!!!

We are currently making improvements to the Cherokee Nation Scholarship application and switching to Intertribal Software, which is Indian owned and has been used for the past decade at the Choctaw Nation. The software transition is in the works so please be patient. For more information please call the College Resource Center.

Main extension for College Resources is 5465
