I understand that the student who is participating in Concurrent enrollment will NOT be on the SHS campus UNTIL they are in a class scheduled on the high school campus.

Concurrent classes are a choice and a privilege available to high school juniors and seniors, who meet the requirements to participate. Students will need to take the ACT BEFORE enrolling at a College : with a minimum of ACT 19 Or the Pre-ACT score of Pre ACT of 19 AND Sub score of 19. This indicates Success in Concurrent. Any concurrent student who fails to achieve the required 2.0 college GPA shall not be eligible for concurrent enrollment at any State System institution, The grade of D will Disqualify the student for continue Concurrent Enrollment.

IF you are taking an IN PERSON Class, select the time of the class that will allow travel "ONE WAY". That means the student's day will either BEGIN at college 8AM or 8:30AM or END 2pm or later at College. [Parent Quick Glance for Concurrent College Enrollment--Final \(002\).pdf \(ok.gov\)](#)

Math and Science Classes are a full credit due to the Labs required, all other College Classes are .5 credit per semester. Every Concurrent grade becomes a part of the student's permanent High School Transcript, the College Grade may impact the GPA of the HS Student.

Concurrent Scheduling \* Only ONE class will be Dropped for ONE college class and only ONE class is dropped for travel. = 2 classes in high school for ONE concurrent class ONLY. Online courses will replace the first hours of the day or the last hours of the day.

I understand that the College class **GRADE will be posted on the High School Transcript**. I understand that the Oklahoma Department of Education guidelines are to Drop ONE High School class for ONE college class ONLY, and only ONE class will be dropped for ONE hour of Travel. I understand that no transportation is provided and the college class is **NOT FREE**, Parents are FINANCIALLY responsible for the FEES and BOOKS for the College Classes.
