SEQUOYAH EAGLES

SCHOOL TRAFFIC FLOW

In an effort to create safe walking zones for our students, staff, community, visitors and driver friendly travel to all campus facilities, a new road (**aka north loop**) has been constructed to serve as the entrance point for all Sequoyah Public School facilities.

All vehicle traffic will enter campus at the main entrance where you will be directed north around the Sequoyah Eagle Softball Complex. Directional signage will assist with traffic flow.

We understand it will take some time to adjust to the student drop off/pick up procedures while we are under construction of our **2023 Bond Projects** and are thankful for your partnership, patience and understanding.

ATTENTION PARENTS / GUARDIANS

Effective August 2023, the **north loop** will be used for ALL traffic entering campus, including student drop off/pick up.

Middle School, Mid High, High School, Ag/Fine Arts and Athletic Facilities (excluding Olan Graham)

Enter at the main entrance, follow the **north loop** around campus and follow signage to the designated parking lots/drop off areas.

Exit via the north (Bank of Commerce) road or back through the **north loop** to 4180 Road/Hwy 66.

ELEMENTARY

Enter at the main entrance, follow the **north loop** around campus and follow signage to the Elementary Student Drop off/Pick up location (PE Building)
You and your student will be met by staff and safety patrol who will assist you.

Exit by continuing south past the Elementary Cafeteria and Olan Graham Field House to 4180 Road.

ONCE YOU HAVE ENTERED THE DESIGNATED ELEMENTARY STUDENT DROP OFF/PICK UP LINES, YOU WILL NOT BE ABLE TO TURN AROUND- THIS IS A ONE WAY ROAD ONLY.

ADDITIONAL ELEMENTARY INFORMATION

During construction, there will be no "island" student pick up.

Elementary parents/guardians who need to check-in/check-out elementary students during regular school hours (8:20 am - 2:50 pm) will park at the end of the Administration building and proceed to the Elementary Office.
